

HR Positives

NO JANUARY BLUES AT OUR MEETING!

Back with a bang, Kaye outlined goals for the Forum in 2026 including:

- + growing our HR community to bring even more people and experience into the room
- + challenging our mindset and how we operate
- + being braver – ready to try new things and learn from them if they don't work out

As ever, Member feedback will be key to achieving this, so keep it coming!

CARDS ON THE TABLE

One of our new initiatives is an invitation for Members to ask for support from the room privately, rather than as a 'shout out'.

There are always cards on the table for people to use for suggestion on speakers / topics etc., but there is also an opportunity to pose a question or ask for help with a problem via members of the committee.

Just note your issue and contacts details and you will be invited to link up with someone in the room who has relevant experience or skills on a confidential basis.

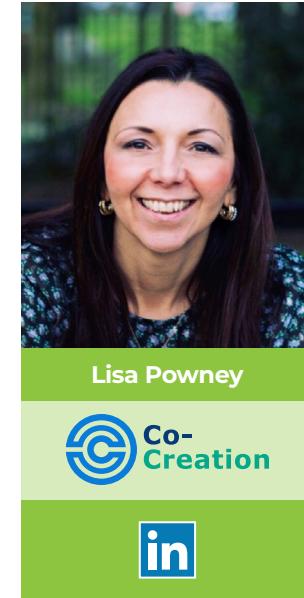

SPEAKER'S CORNER

Co-Creation's Lisa Powney was our first 2026 presenter, providing an insightful and engaging session on the subject of Human Centred Leadership.

She led exercises inviting people to use elements from their own stories to harness their potential to connect with people.

Her key takeaways were to use a combination of self-awareness together with understanding of team dynamics (while recognising the needs and strengths of individuals within those teams) to be an effective leader.

ME (Understands and trusts themselves) + **YOU** (Understands and sees others) + **WE** (Builds a cohesive, trusting, purpose-driven team).
